

**REMARKS**

The Restriction Requirement dated August 3, 2005, has been received and reviewed.

Claims 1-14 are currently pending in the above-referenced application, and are subject to restriction.

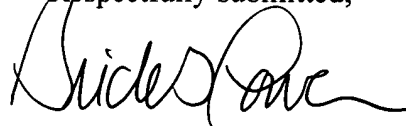

**Restriction Requirement**

An election is hereby made, with traverse, to prosecute claims that are directed to Group III, which includes a system for data representation that includes a drug delivery monitor in communication with a data stream device.

The election is made with traverse because not only independent claim 6, but also each of dependent claims 7-13, is within the scope of Group III. This is because claims 7-13, which depend from claim 6, are, by definition, not independent or distinct from (*i.e.*, patentable over) the invention recited in independent claim 6. *See* 35 U.S.C. § 121; *see also* M.P.E.P. § 802.01.

Accordingly, an early and favorable action on the merits of claims 6-13 is respectfully requested.

Respectfully submitted,
